Al Khor International School (AKIS) is a 3 to 18, co-educational and non-selective international school. Owned by Qatargas, the world's largest producer of liquefied natural gas (LNG), AKIS caters primarily for the children of Qatargas employees. AKIS is licensed by the State of Qatar's Ministry of Education and Higher Education to run a Kindergarten, British Curriculum School, and Indian CBSE Curriculum School. The medium of instruction is English.

We are able to confirm that the above named student has attended Al Khor International School - British Curriculum on the dates shown above. We enclose a transcript of their external examination results, and can confirm that they are authentic and accurate.

The school does not produce Grade Point Averages and we do not 'rank order' students or, provide a leaving certificate with an overall pass grade. The students' IGCSE and AS / A Level qualifications are evidence of their academic achievement.

Please do not hesitate to contact the school should you require any further information.
